# LIMITED WARRANTY (U.S. Only)

Sony Electronics Inc. ("Sony") warrants this product against defects in material or workmanship for the time periods and as set forth below. Pursuant to this Limited Warranty, Sony will, at its option, (i) repair the product using new or refurbished parts or (ii) replace the product with a new or refurbished product. For purposes of this Limited Warranty, "refurbished" means a product or part that has been returned to its original specifications. In the event of a defect, these are your exclusive remedies.

**Term:** For a period of one (1) year from the original date of purchase of the product, Sony will, at its option, repair or replace with new or refurbished product or parts, any product or parts determined to be defective.

This Limited Warranty covers only the hardware components packaged with the Product. It does not cover technical assistance for hardware or software usage and it does not cover any software products whether or not contained in the Product; any such software is provided "AS IS" unless expressly provided for in any enclosed software Limited Warranty. Please refer to the End User License Agreements included with the Product for your

Instructions: To obtain warranty service, you must deliver the product, freight prepaid, in either its original packaging or packaging affording an equal degree of protection to the Sony authorized service facility specified. It is your responsibility to backup any data, software or other materials you may have stored or preserved on your unit. It is likely that such data, software, or other materials will be lost or reformatted during service and Sony will not be responsible for any such damage or loss. A dated purchase receipt is required. For specific instructions on how to obtain warranty service for your product,

The Address of the Laredo Fulfillment Center is:

Laredo Fulfillment Center 10227 Crossroads Loop Suite B Laredo, TX 78045

Visit Sony's Web Site: www.sony.com/service

Or call the Sony Customer Information Service Center 1-800-222-SONY (7669)

For an accessory or part not available from your authorized dealer, call:

1-800-488-SONY (7669)

Repair / Replacement Warranty: This Limited Warranty shall apply to any repair, replacement part or replacement product for the remainder of the original Limited Warranty period or for ninety (90) days, whichever is longer. Any parts or product replaced under this Limited Warranty will become the property of Sony.

This Limited Warranty only covers product issues caused by defects in material or workmanship during ordinary consumer use; it does not cover product issues caused by any other reason, including but not limited to product issues due to commercial use, acts of God, misuse, limitations of technology, or modification of or to any part of the Sony product. This Limited Warranty does not cover Sony products sold AS IS or WITH ALL FAULTS or consumables (such as fuses or batteries). This Limited Warranty is invalid if the factory-applied serial number has been altered or removed from the product. This Limited Warranty is valid only in the United States.

LIMITATION ON DAMAGES: SONY SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES FOR BREACH OF ANY EXPRESS OR IMPLIED WARRANTY ON THIS PRODUCT.

**DURATION OF IMPLIED WARRANTIES:** EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ON THIS PRODUCT IS LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY.

Some states do not allow the exclusion or limitation of incidental or consequential damages, or allow limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This Limited Warranty gives you specific legal rights and you may have other rights which vary from state to state.

### For customers who purchased this product in the **Troubleshooting**

Should any problem occur with the unit, make the following simple checks to determine whether or not servicing is required.

If the problem persists, consult your nearest Sony

## The clock flashes "AM 12:00" due to a power

• The battery is low. Replace the battery. Remove the old battery and install a new one

# The radio or buzzer alarm does not sound at

the preset alarm time.

• Has the desired radio or buzzer alarm been activated? (i.e., Does the ALARM A (or B) indicator

### The radio alarm is activated but no sound comes on at the preset alarm time

• Has **VOLUME** been adjusted?

### **Precautions**

- Operate the unit on the power sources specified in Specifications"
- To disconnect the power cord (mains lead), pull it out by the plug, not the cord.
- · Do not leave the unit in a location near a heat source, such as a radiator or airduct, or in a place subject to direct sunlight, excessive dust, mechanical vibration, or shock.
- · Allow adequate air circulation to prevent internal heat build-up. Do not place the unit on a surface (a rug, blanket, etc.) or near materials (a curtain) that might block the ventilation holes.
- Should any solid object or liquid fall into the unit, unplug the unit and have it checked by a qualified personnel before operating it any further.
- To clean the casing, use a soft cloth dampened with a mild detergent solution

If you have any questions or problems concerning your unit, please consult your nearest Sony dealer.

Design and specifications are subject to change

# **IMPORTANT SAFEGUARDS**

and keep this manual for future reference.

Carefully observe all warnings, precautions and instructions on the appliance and in the operating instructions, and adhere to them.

### **INSTALLATION**

### **Water and Moisture**

Do not use powerline operated appliances near water - for example, near a bathtub, washbowl, kitchen sink, or laundry tub, in a wet basement, or near a swimming pool, etc.

Do not place the appliance near or over a radiator or heat register, or where it is exposed to direct

The slots and openings in the cabinet are provided for necessary ventilation. To ensure reliable operation of the appliance, and to protect it from overheating, these slots and openings must never be blocked or covered.

onocked or covered.

-Never cover the slots and openings with a cloth or other materials.

-Never block the slots and openings by placing the appliance on a bed, sofa, rug or other similar

-Never place the appliance in a confined space, such as a bookcase, or built-in cabinet, unless proper

Accessories

Do not place the appliance on an unstable cart, stand, tripod, bracket, or table. The appliance may fall, causing serious injury to a child or an adult, and serious damage to the appliance. Use only a cart, stand, tripod, bracket, or table recommended by Sony.

-An appliance and cart combination should be moved with care. Quick stops, excessive force, and uneven surfaces may cause the appliance and cart combination to overturn.

Wall or Ceiling Mounting

If your appliance can be mounted to a wall or ceiling, mount it only as recommended by Sony.

### **USE**

This appliance should be operated only from the type of power source indicated on the marking label. If you are not sure of the type of electrical power supplied to your home, consult your dealer or local power company. For those appliances designed to operate from battery power, or other sources, refer to the operating instructions.

**Grounding or Polarization** This appliance is equipped with a polarized AC power cord plug (a plug having one blade wider than the other), or with a three-wire grounding type plug (a plug having a third pin for grounding). Follow the cortex plant is such a plug having a third pin for grounding).

For the appliance with a polarized AC power cord plug:
This plug will fit into the power outlet only one way. This is a safety feature. If you are unable to insert the plug fully into the outlet, try reversing the plug. If the plug should still fail to fit, contact your electrician to have a suitable outlet installed. Do not defeat the safety purpose of the polarized

**For the appliance with a three-wire grounding type AC plug:**This plug will only fit into a grounding-type power outlet. This is a safety feature. If you are unable to insert the plug into the outlet, contact your electrician to have a suitable outlet installed. Do not defeat the safety purpose of the grounding plug.

Overloading

Do not overload wall outlets, extension cords or convenience receptacles beyond their capacity, since this can result in fire or electric shock.

When not in use
Unplug the power cord of the appliance from the outlet when left unused for a long period of time.
To disconnect the cord, pull it out by grasping the plug. Never pull the plug out by the cord. **Power-Cord Protection**Route the power cord so that it is not likely to be walked on or pinched by items placed upon or against them, paying particular attention to the plugs, receptacles, and the point where the cord exits from the appliance.

**Lightning**For added protection for this appliance during a lightning storm, or when it is left unattended and unused for long periods of time, unplug it from the wall outlet and disconnect the antenna or cable system. This will prevent damage to the appliance due to lightning and powerline surges.

Object and Liquid Entry
Never push objects of any kind into the appliance through openings as they may touch dangerous voltage points or short out parts that could result in a fire or electric shock. Never spill liquid of any kind on the appliance.

### Cleaning

Unplug the appliance from the wall outlet before cleaning or polishing it. Do not use liquid cleaners or aerosol cleaners. Use a cloth lightly dampened with water for cleaning the exterior of the appliance. Clean the appliance only as recommended by Sony.

Attachments
Do not use attachments not recommended by Sony, as they may cause hazards.

### **ANTENNAS**

**Outdoor Antenna Grounding**If an outdoor antenna or cable system is installed, follow the precautions below.

An outdoor antenna system should not be located in the vicinity of overhead power lines or other electric light or power circuits, or where it can come in contact with such power lines or circuits. WHEN INSTALLING AN OUTDOOR ANTENNA SYSTEM, EXTREME CARE SHOULD BE TAKEN TO KEEP FROM CONTACTING SUCH POWER LINES OR CIRCUITS AS CONTACT WITH THEM IS ALMOST INVARIABLY FATAL.

Be sure the antenna system is grounded so as to provide some protection against voltage surges and built-up static charges. Section 810 of the National Electrical Code provides information with respect to proper grounding of the mast and supporting structure, grounding of the lead-in wire to an antenna discharge unit, size of grounding conductors, location of antenna-discharge unit, connection to grounding electrodes, and requirements for the grounding electrode.

### **Antenna Grounding According to the National Electrical Code**

Damage Requiring Service
Unplug the appliance from the wall outlet and refer servicing to qualified service personnel under the following conditions:

following conditions:

-When the power cord or plug is damage or frayed.
-If liquid has been spilled or objects have fallen into the appliance.
-If the appliance has been exposed to rain or water.
-The appliance does not appear to operate normally or exhibits a marked change in performance.
-This indicates a need for service.

-1 his indicates a need for service.
-If the appliance does not operate normally when following the operating instructions, adjust only those controls that are specified in the operating instructions. Improper adjustment of other controls may result in damage and will often require extensive work by a qualified technician to restore the appliance to normal operation.
-If the appliance has been subject to excessive shock by being dropped, or the cabinet has been damaged.

Do not attempt to service the appliance yourself as opening or removing covers may expose you to dangerous voltage or other hazards.

### Refer all servicing to qualified service personnel. **Replacement parts**

When replacement parts are required, be sure the service technician has used replacement parts specified by Sony that have the same characteristics as the original parts. Unauthorized substitutions may result in fire, electric shock, or other hazards.

### **Safety Check**

Upon completion of any service or repairs to the appliance, ask the service technician to perform routine safety checks (as specified by Sony) to determine that the appliance is in safe operating

This unit includes a preinstalled Sony Lithium battery (CR2032) as back-up power source for the clock, which is preset to EST/EDT (Eastern Standard Time/Daylight Time) at the factory. And this battery is considered part of the product.

### INFORMATION

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna Increase the separation between the equipment
- and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver
- is connected. - Consult the dealer or an experienced radio/TV

desired number appears.

after the operation is complete.

The following models employ the Automatic Daylight Saving Time/Summer Time adjustment. The DST indicator in the display appears in the display at the beginning of the daylight saving time (summer time), and disappears at the end of it.

- Daylight saving time begins at: 2:00 AM on the second Sunday of March.
- Standard time begins at: 2:00 AM on the first Sunday of November

### To cancel the Automatic DST/ **Summer Time adjustment and** to set DST display manually

The Automatic DST/S

Press and hold **DST** for more than 3 seconds while the clock is displayed.

A beep sounds, and "Aut → OFF" appears in the display to show that the Automatic DST/Summer Time adjustment is cancelled. The display returns to the clock

- The change timing of Automatic DST/Summer Time adjustment employed by the unit (see above) is subjected to variation by circumstances and the law in each country/region. In such a case, cancel the Automatic DST/Summer Time adjustment and set DST display manually as necessary. The customer who lives in the country/region that has not introduced the daylight saving time (summer time) must cancel Automatic DST/Summer Time adjustment before using the set.
- To activate the Automatic DST/Summer Time adjustment again, press and hold DST for more than 3 seconds. A beep sounds, and "Aut → On" appears in the display to show that the Automatic DST/ Summer Time adjustment is activated. The display returns to the clock.
- To change the display to the daylight saving time (summer time) manually, see "To change the display to the daylight saving time (summer time)

# Setting the clock and date

To change the setting manually, follow the procedure

- **1** Press **CLOCK** for more than 2 seconds. You will hear a beep and the year will start to flash in the display.
- **2** Press + or until the correct year appears in the display
- 3 Press CLOCK
- 4 Repeat steps 2 and 3 to set the month, day and time.

After setting the time, two short beep sound and the clock starts from 0 seconds.

• Pressing and holding + or - changes the year, month or day rapidly.

When setting the current time, time changes rapidly

by 1 minute-increments up to 10 minutes, and then by 10 minute-increments.

 While setting the clock, you must perform each step within 65 seconds, or the clock setting mode will be

### To display the year and date

### Press SNOOZE/DATE/SLEEP OFF once

for the date, and within about 3 seconds press it again for the year.

The display shows the date or year for about 3 seconds and then changes back to the current time If you connect the AC plug to AC outlet while this unit is powered from the backup power source, the current date and time appears in the following order. (It is same as when the unit is powered on after the power failure.)

month and date" (about 1 second)  $\rightarrow$  "year" (about 1

### To change the display to the daylight saving time (summer time) indication

Change the daylight saving time (summer time) adjustment setting according to the following procedures if you have cancelled the Automatic DST/ Summer Time adjustment.

### Press DST.

DST indicator appears in the display and the time indication changes to the daylight saving tim

To deactivate the daylight saving time (summer time) adjustment, press DST again.

# **Setting the brightness** of the display

Three levels of brightness are available by pressing BRIGHTNESS.

 $High (default) \longrightarrow Middle \longrightarrow Low -$ 

# Playing the radio

- 1 Press RADIO ON to turn on the radio.
- **2** Adjust volume using **VOLUME**.
- 3 Select BAND.
- 4 Tune in to a station using **TUNING**.

To turn off the radio Press RADIO OFF/ALARM RESET.

# Improving the reception

The AC power cord functions as an FM antenna. Extend the AC power cord fully to increase reception sensitivity

Rotate the unit horizontally for optimum reception A ferrite bar AM antenna is built-in to the unit.

Do not operate the unit over a steel desk or metal surface, as this may lead to interference of reception

# Setting the alarm

The dual alarm function allows you to set two alarm programs (ALARM A and ALARM B).

The alarm time can be set for each program and the alarm sound is selectable from RADIO or BUZZER.

- Before setting the alarm, make sure to set the clock (see "Setting the clock and date").
- The factory setting alarm time is "PM 12:00".
- · To set the radio alarm, first tune in to a station and adjust the volume (see "Playing the radio").
- When you set the buzzer alarm, set ALARM VOLUME to LOW or HIGH.

### To set the alarm time

1 Set ALARM A (or B) to the desired alarm sound (RADIO or BUZZER). The alarm time appears for a few seconds, and then the ALARM A (or B) indicator lights up in the display. (It does not appear when the switch is set

### 2 Turn ALARM TIME SET A (or B) +

or - to set the desired time. Each turn of ALARM TIME SET A (or B) + or changes the indication by 1 minute. If you turn and hold ALARM TIME SET A (or B) + or -, the alarm time goes forward (or backward) by 1 minute up to 10 minutes, and then by 10 minutes increments. While setting the alarm time, the ALARM A (or B) indicator flashes in the display. Th following example is when setting the ALARM A

When the alarm time setting operation is complete, the display returns to the clock after a few seconds and the ALARM A (or B) indicator changes from flashing to fully lit.

While ALARM A (or B) is set to RADIO or BUZZER, the alarm time setting can be changed by ALARM TIME SET A (or B). One turn of **ALARM TIME SET A (or B)** displays the alarm time for about 4 seconds. By turning **ALARM TIME SET A (or B)** while the alarm time appears in the display, the alarm time will be changed.

- The ALARM A (or B) indicator flashes in the display
- The alarm time appears in the display.
- The alarm sounds
- Snooze function is turned on
- The alarm time setting cannot be ch ALARM A (or B) is set to OFF. If ALARM TIME **SET A (or B)** is turned, "OFF" appears in the display for about 0.5 seconds.
- If a second alarm sounds during a first (or the snooze function is active), the second alarm takes priority.

- CLOCK, DST, and TIME ZONE are unavailable
- The ALARM VOLUME setting works together with the beep sound volume. If the ALARM VOLUME is set to LOW, the beep sound will be also set to
- The alarm function works as usual at the beginning and end day of the daylight saving time (summe time). While the Automatic DST/Summer Time adjustment is set, as a result, if the alarm is set at a time skipped when the daylight saving time (summer time) begins, the alarm is skipped, or if the alarm is set at a time overlapped when the daylight saving time (summer time) ends, the alarm sounds
- If the same alarm time is set for both alarm (ALARM A and B), the ALARM A takes priority.

### To doze for a few more minutes Press SNOOZE/DATE/SLEEP OFF.

The sound turns off but will automatically come on again after about 10 minutes. Each time you press SNOOZE/DATE/SLEEP OFF, the snooze time

$$10 \longrightarrow 20 \longrightarrow 30 \longrightarrow 40 \longrightarrow 50 \longrightarrow 60$$

The maximum length of the snooze time is

The display shows the snooze time for about 4 seconds and returns to show the current time. When you press SNOOZE/DATE/SLEEP OFF after the current time appears, the snooze time starts from 10 minutes again

### To stop the Alarm Press RADIO OFF/ALARM RESET to

turn off the alarm.

then it will be stop automatically

The alarm will come on again at the same time the If RADIO OFF/ALARM RESET is not pressed, the alarm sounds continuously for about 60 minutes, and

### To deactivate the Alarm Turn ALARM A (or B) to OFF. ALARM A (or B) indicator disappears from the display.

Note on alarm in the event of a power interruption

In the event of a power interruption, alarm functions work until the battery is empty. But following functions are different

- Display will disappear.
- When the alarm sound is set to RADIO, it will change to BUZZER automatically.
- · If the power returns while the alarm sounds, the alarm sounds continuously for about 60 minutes when the power returns. • The alarm buzzes for about one minute, stops
- temporarily, and will buzz again after about five minutes if neither SNOOZE/DATE/SLEEP OFF or RADIO OFF/ALARM RESET are pressed while the alarm is buzzing.

If the alarm buzzes and stops (either automatically after 1 minute or by pressing **SNOOZE/DATE/ SLEEP OFF**) five times, the alarm is automatically reset in the case of a power interruption. The alarm will buzz for 30 minutes after power is resumed if the power is resumed within 60 minutes from the

- If you press SNOOZE/DATE/SLEEP OFF while the alarm sounds, snooze time is set to 10 minutes. During a power failure, snooze time cannot be set to more than 10 minutes.
- If "♥¬" indicator appears in the display, the alarm will not work in the event of power interruption Replace the battery if "\sqrt{n}" indicator appears.

# **Setting the sleep** timer

You can fall asleep to the radio using the built-in sleep timer that turns off the radio automatically after a preset duration.

### Press SLEEP.

The radio turns on. You can set the sleep timer to durations of 90, 60, 30, or 15 minutes. Each press changes the display as follows:

$$\begin{array}{cccc}
OFF & \rightarrow & 90 & \rightarrow & 60 \\
 & \downarrow & 15 & \leftarrow & 30 & \leftarrow
\end{array}$$

Two short beeps sound when the display returns to

The radio will play for the duration you set, then shut

### To turn off the radio before the preset time

### Press RADIO OFF/ALARM RESET or SNOOZE/DATE/SLEEP OFF.

# To use both sleep timer and You can fall asleep to the radio and also be awakened

- by the radio or buzzer alarm at the preset time **1** Set the alarm. (See "Setting the alarm".)
- **2** Set the sleep timer. (See "Setting the sleep
